

Your FAA Board is happy to announce that a great space on Main Street has been found for our new gallery! The address is 127 N Main Ave. The board is already hard at work coordinating all that's needed to get this going. Ruth Parker has been working on getting the space ready. Carpeting is coming up and a new floor will be installed. Before this occurs, painting the walls is on the agenda. This is where we need some volunteers to help out.

Member Al Valpy will be coordinating the wall prep and painting, and providing guidance on taping off, wall prep, actual painting, etc (thank you Al!). We need 2 volunteers to help out. Wall prep will be September 12, and the painting will begin on September 13. Work will start at 10:00 am both days. All materials will be supplied; we just need help with labor. If you, or someone you know (family member, friend?) can help out one or both days, please respond to this e-mail and I will get the word to Ruth.

Once the walls are painted, and the floor is in, we can open our doors! We're hoping for mid to end of September.

Thanks in advance for any help you can offer!!

There has been a little confusion regarding our upcoming shows. Information about both shows (our first monthly Gallery Show at FAA's new gallery, and the FAA Fall Open Judged Fine Art Show) was discussed in the last FAA newsletter. In addition, detailed information about the FAA Fall Open Judged Fine Art Show is on our website, fallbrookartassn.org (click 'Shows' to find the Call for Entries and Entry Form). Also, please watch for an informational sheet and entry form for the Monthly Show, which will also be posted soon on the FAA website. Information regarding both shows will be available at this Saturday's General Meeting – please attend!!!!

For your convenience, here are the highlights of both shows.

*For the first FAA Gallery Show ONLY, artists who live in outlying areas may drop their artwork and entry form at the next general meeting at the Women's Club. Work will be held and submitted for the artist at the FAA Gallery on Sept. 22.

We are trying to get the gallery open ASAP, and it's a very busy time! We will try to keep you informed by e-Blast as things progress.
