## Co- Presidents' Message

Summer has arrived and along with it fun activities for FAA members who will be in town.

Your Board decided to add an extra demonstration and workshop in June this year, so the summer pot luck will beheld on July 21 at the Womans Club from 11AM-2PM. This will be a true potluck, so bring your favorite dish to share along with the recipe.

This will be a time for visiting with friends and making a communal work of art to be used on a new promotional piece for FAA.

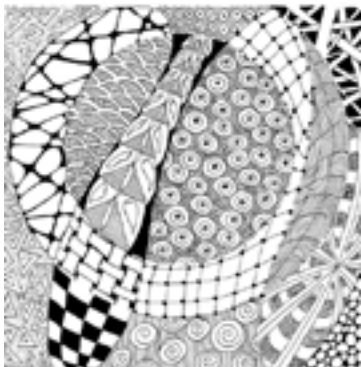

On the following Saturday, July 28, Linda Doll will be doing a Zentangle Workshop. Come try your hand at this meditative form of art. Several have signed up, but there is still room and you can reserve your spot by calling Carol Reardon.

The Wednesday Plein Air Painters will be looking for cool locations to paint this summer and invite you to join them. Contact Ruth Parker to get on their email list.

Annie Youngblood announced at the May meeting the theme for the Fall Show will be "California Dreaming" so keep it in mind while painting and thinking about fall entries. August will be dark as usual, so enjoy your summer and make time to paint!

## Special Workshop Scheduled for July

Artist Linda Doll will be presenting a special summer workshop in an art form called "Zen-tangle", an example of which is shown on the left, on July 28. She is a painter, digital photographer, graphic artist, instructor and juror.

She teaches workshops throughout the world and is a Past-President and life Member of the National Watercolor Society, a Past Board Member and Juror of the American Watercolor Society, and a past Board Member of Watercolor West. She is a Life Honorary Member of the Federation of Canadian Artists and an Elected Life Member of the San Diego Watercolor Society. Her paintings and drawings are included in many books.

The workshop runs from 1:00 PM to 4:00 PM and is open to all. Cost for FAA members is \$40 and \$50 for non-members. Register in advance by calling Carol Reardon (760-731-6677) and sending your check for the correct amount. Carol will send you a list of supplies and a class agenda.

*People think that the arts are optional and they aren't. They teach a level of emotional depth that's equally important to mathematic skill. You can replace some math skills with a calculator if you know how to operate the thing, but there's no calculator for human interaction."*

## FAA "Cleans Up" at S.D. County Fair

FAA members entered many works in different categories in this year's San Diego County Fair and earned some top prizes.

Karen Langer Baker earned a First Prize for "Homage to Degas' Bather"

"Early Summer" earned a Third Place prize for Gitta Pfahl

Carol Zaleski rounded out the top level prizes with a Third Place for "Sipping in Porto"

Rosemarie Meis won a First Place for "Rose Duet"

"Good Morning Sunshine" was declared a winner at Second Place for Dawn Harrison

Jack Ragland won a Second Place for his piece entitled 'Barcarolle'

And all these prizes were not the end of it. Gitta, Rosemarie, Karen and Ray Fedorchak all earned Honorable Mention in one or more categories.

Congratulation to all our member winners. This should be great encouragement to all of us to think about next year's fair and entering our best work. ☞

### Plein Air Competition Another Big Success

This year's competition was held at the Grand Tradition which yielded multitudes of views to stimulate the imagination. A total of 37 artists from all over San Diego County and as far away as Idyllwild spent the day creating their masterpieces for judging by judge Rich Stergulz.

Outdoor Painter, home of Plein Air Magazine, did a feature article on the competition.

Victoria Huff took a first place with a closeup of colorful vegetation, Carly Castillon's second place work featured tumbling water and surrounding plants, Will Gulette took third with an impressionistic rendering of a colorful view.

Judge Rich Stergulz requested more markers for Honorable Mention because he saw so much good work that should be acknowledged.

Watch for information about next year's event. ☞

## FAA Scholarship Winners Announced

As longtime FAA members know, each demonstrator at our meetings contributes a piece of art for an opportunity drawing. Attendees who purchase tickets are the direct funders of the scholarships FAA awards each year to deserving high school students who are planning art careers. Noreen Ring heads the Scholarship Program.

This year the awards went to the following young artists:

Molly Cabello is planning to attend Palomar College to complete her general education and after that she plans to transfer to a four year university, possibly UCLA or NYU, to major in fine arts. This summer she plans to attend classes at the Watts Atelier and her scholarship will help her pay for these classes.

Alexa Sykes has been enrolled in art classes since she began high school. This school year she was in AP Art Studio. In the fall she will continue her art education at Cal State University, Chico. Her plan is to major in Art History and then use her degree to become a conservationist and restorationist for historical works.

Congratulations, young artists, and best wishes from FAA for your future in art. ☞

### Schedule Change For Life Drawing At The Brandon
